

Mercy Medical Center Redding Presents

Information for a healthier life

You were there when she took her first steps.
You were there when she said "I do."

This New Years, resolve to be there for many years to come.

A Vascular Highway Seminar & Screening

An Overview of Your Vascular Highway

Health Seminar

A Special Presentation by:
Robert Coronado, M.D.
Douglas G. Hatter, M.D.
Mohamed H. Khan, M.D.
Bruce C. Miller, M.D.
Donald E. Schepps, M.D.

These physicians will provide a general overview of our body's vascular system, which runs throughout the body supplying life to cells and major organs. They will also discuss what happens when major obstructions occur in a body's vascular system and how this can often result in drastic health complications. For anyone who is concerned about strokes, aneurysms or peripheral vascular disease, this seminar is for you!

Tuesday, January 12, 2010
6:30 p.m. to 8:30 p.m.
Mercy Medical Center, 2175 Rosaline Ave
Lower Level Auditorium

Call 24-MERCY/246.3729 to register for this
FREE evening of information or

Health Screening

A Vascular Highway Screening

This is a great gift idea for the person who has everything. For \$99*, you can have your vascular system screened by the caring medical professionals of Mercy Medical Center Redding and interpreted by members of the Hospital's Medical Staff. These three exams will take approximately one hour and all participants will receive a one-to-one consultation with a vascular specialist.

Screening Exams include:

Stroke/Carotid Artery Ultrasound - to detect potential stroke causing plaque
Ankle-brachial Index - to detect peripheral arterial disease
Abdominal Aortic Ultrasound - to detect an aneurysm

Saturday, January 23, 2010
8 a.m. to 2:30 p.m.
Mercy Regional Cancer Center

*Screening appointments are limited and all participants must be pre-registered to be screened.

Call 24-MERCY (246-3729) to reserve your
place at this screening

This program is designed as a cost-effective preventative measure of your vascular health. Individuals who have diabetes, smoke, have high blood pressure, high cholesterol, over the age of 50 and a family history of heart disease may benefit from the vascular screening! *This is a cash program payable by cash, check or credit card. Your insurance will not be billed.
